It was hard to choose a specific person because there are so many influential personalities in the last 2000 years but if I had to choose a single one it would be Bill Gates because Bill represents a lot of the traits that I think I am good at for example perseverance and problem solving and innovation. Bill revolutionized and always kept up to date and innovative in a competitive field which is always changing and progressing. Also Bill may not go down as one of the most influential person in history but he was successful in what he did and I have no idea if he is a good person or not but his company certainly changed the world for the better.
